Guidance on Covid-19

If you are not fully vaccinated, or if it has been more than 6 months since completing your primary series of Pfizer or Moderna vaccine or more than 2 months since your J&J vaccine and you have not received a booster dose.

January 7, 2022

START HERE

Are you experiencing Covid-19 symptoms?

No

GET TESTED!

You are encouraged to get a diagnostic test.

Which are you?

STUDENT

FACULTY/STAFF

If you are a student or faculty/staff, follow these steps:

Is your test positive?

No

Yes

Here’s what to do:

1. Return to your residence and avoid taking public transit.
2. Report your positive test result via the online form c.gatech.edu/covid19reporting.
3. Contact your primary care physician.
4. Return to your place of residence.
5. Isolate for 5 days.
6. After that continue to wear a well-fitting face mask around others for 5 additional days.

Yes

Here’s what to do:

1. Return home or move to on-campus quarantine housing provided by Georgia Tech Housing and Residence Life.
2. Quarantine for 5 days.
3. Return for asymptomatic tests weekly. Learn more at c.gatech.edu/jpj.

Did your results recommend a follow-up test?

No

Yes

If you test negative, you will be given your diagnostic results when they are available. Results will be communicated through Stamps Health Services’ patient portal, which can be accessed from health.gatech.edu, or by phone.

Have you had close contact* with someone who’s tested positive?

No

Yes

What are the criteria for ending isolation? See c.gatech.edu/isolation

Here’s what to do:

1. Return home or move to on-campus quarantine housing provided by Georgia Tech Housing and Residence Life.
2. Quarantine for 5 days.
3. If you can’t quarantine, you must wear a face mask for 10 days.
4. Test on day 5 if possible.
5. If you develop symptoms, get a test and stay in your residence.

Here’s what to do:

1. Return to your place of residence.
2. Quarantine for 5 days.
3. Test on day 5 if possible.
4. If you develop symptoms, get a test and stay in your residence.

Here’s what to do:

4. After that continue to wear a well-fitting face mask around others for 5 additional days.

Here’s what to do:

1. Report your positive test result via the online form c.gatech.edu/covid19reporting.
2. Contact your primary care physician.
3. Contact your supervisor.
4. Await a call from GDPH and the Georgia Tech contact tracing team.
5. Isolate for 5 days.
6. After that continue to wear a well-fitting face mask around others for 5 additional days.

Here’s what to do:

1. Contact your supervisor.
2. Await a call from GDPH and the Georgia Tech contact tracing team.
3. Isolate for 5 days.
4. After that continue to wear a well-fitting face mask around others for 5 additional days.

Here’s what to do:

1. Go to Stamps Health Services
2. Contact Stamps at health.gatech.edu/make-appointment or 404.894.1420 to make an appointment.
3. Go to your doctor or a Georgia Dept. of Public Health testing site
4. Find information at c.gatech.edu/off-campus-testing.
5. Find the symptoms of Covid-19 at c.gatech.edu/daily-checklist.
6. Visit c.gatech.edu/isolation for more information.

Surveillance testing sites are free and found in multiple locations on campus.

Find one at c.gatech.edu/testing.

You are encouraged to participate in asymptomatic testing.

Get Tested!

You are encouraged to get a diagnostic test.

Get Tested!

You are encouraged to participate in asymptomatic testing.

Your sample will be tested as an individual sample in a diagnostic test, and you will be given your diagnostic results when they are available.

Results will be communicated through Stamps Health Services’ patient portal, which can be accessed from health.gatech.edu, or by phone.

Go to “Is your test positive?” for students or faculty/staff.

*Close contact: within 6 feet for 15 cumulative minutes in a 24-hour period.

If you test negative for the virus that causes Covid-19 but still have symptoms, you may have received a false negative test result. You should isolate away from others.

Here’s what to do:

1. Practice social distancing and good hygiene.
2. Wear a well-fitting face mask.
3. Return for asymptomatic tests weekly. Learn more at c.gatech.edu/jpj.
