Guidance on Covid-19

If you are not fully vaccinated, or if it has been more than 6 months since completing your primary series of Pfizer or Moderna vaccine or more than 2 months since your J&J vaccine and you have not received a booster dose.

January 7, 2022

START HERE

Are you experiencing Covid-19 symptoms?

YES

GET TESTED!
You are encouraged to get a diagnostic test.

STUDENT
Go to Stamps Health Services
Contact Stamps at health.gatech.edu/make-appointment or 404.894.1420 to make an appointment.

FACULTY/STAFF
Go to your doctor or a Georgia Dept. of Public Health testing site
Find information at c.gatech.edu/off-campus-testing.

Is your test positive?

YES

Here’s what to do:
1. Return to your residence and avoid taking public transit.
2. Report your positive test result via the online form c.gatech.edu/covid19reporting.
3. Contact your primary care physician or Stamps Health Services.
4. Await a call from GDPH and the Georgia Tech contact tracing team.
5. Return home to isolate for 5 days or move to on-campus isolation housing provided by Georgia Tech Housing and Residence Life.
6. If you have no symptoms or your symptoms are resolving after 5 days, you can stop isolation. If you have a fever, continue to isolate until your fever resolves.
7. Contact your primary care physician.
8. Contact your supervisor.
9. Await a call from GDPH and the Georgia Tech contact tracing team.
10. Return home to isolate for 5 days. If you have no symptoms or your symptoms are resolving after 9 days, you can stop isolation. If you have a fever, continue to isolate until your fever resolves.
11. Return to your residence.

NO

Which are you?

STUDENT
FACULTY/STAFF

Here’s what to do:
1. Practice social distancing and good hygiene.
2. Wear a well-fitting face mask.
3. Return for asymptomatic tests weekly. Learn more at c.gatech.edu/jpj.

What are the criteria for ending isolation? See c.gatech.edu/isolation.

*Close contact: within 6 feet for 15 cumulative minutes in a 24-hour period.

Voluntary use of the no-cost exposure notification app NOVID is recommended for all members of the Tech community who live or work on campus. Find it here.

Surveillance testing sites are free and found in multiple locations on campus. Find one at c.gatech.edu/testing.

Your sample will be tested as an individual sample in a diagnostic test, and you will be given your diagnostic results when they are available. Results will be communicated through Stamps Health Services’ patient portal, which can be accessed from health.gatech.edu, or by phone.

Go to “Is your test positive?” for students or faculty/staff.

If you test negative for the virus that causes Covid-19 but still have symptoms, you may have received a false negative test result. You should isolate away from others.

Visit c.gatech.edu/isolation for more information.
