If you test negative for the virus that causes Covid-19 but still have symptoms, you may have received a false negative test result. You should isolate away from others. Visit c.gatech.edu/isolation for more information.

Guidance on Covid-19

If you are not fully vaccinated, or if it has been more than 5 months since completing your primary series of Pfizer or Moderna vaccine or more than 2 months since your J&J vaccine and you have not received a booster dose.

March 15, 2022

1.  Return to your residence and avoid taking public transit.
2.  Report your positive test result via the online form c.gatech.edu/covid19reporting.
3.  Contact your primary care physician or Stamps Health Services.
4.  Await a call from GDPH and notification by the Georgia Tech Contact Tracing Team.
5.  Isolate from others for at least 5 full days. Visit c.gatech.edu/isolation for more information.
6.  If you have no symptoms or your symptoms are resolving after 5 days, you can stop isolation.
7.  If you have fever, continue to isolate until your fever resolves.
8.  Continue to wear a well-fitting face mask around others for 5 additional days.

If you test negative for the virus that causes Covid-19 but still have symptoms, you may have received a false negative test result. You should isolate away from others. Visit c.gatech.edu/isolation for more information.

Voluntary use of the no-cost exposure notification app NOVID is recommended for all members of the Tech community who live or work on campus. Find it here.

Surveillance testing sites are free and found in multiple locations on campus. Find one at c.gatech.edu/testing.

If you test positive, you are encouraged to:
1. Practice social distancing and good hygiene.
2. Wear a mask based on preference and assessment of personal risk.
3. Return for asymptomatic tests weekly. Learn more at c.gatech.edu/jpj.

What are the criteria for ending isolation? See c.gatech.edu/isolation.

Are you experiencing Covid-19 symptoms?

Voluntary use of the no-cost exposure notification app NOVID is recommended for all members of the Tech community who live or work on campus. Find it at c.gatech.edu/novid.

GET TESTED!
You are encouraged to get a diagnostic test.

Which are you?

STUDENT

Go to Stamps Health Services
Contact Stamps at health.gatech.edu/make-appointment or 404-894-1420 to make an appointment.

FACULTY/STAFF

Go to your doctor or a Georgia Dept. of Public Health testing site
Find information at c.gatech.edu/off-campus-testing.

Is your test positive?

YES

STUDENT

You can refrain from quarantine but should get tested 5 days after your exposure. You should also wear a mask in public indoor spaces for 10 days following exposure or until your test result is negative. Continue to monitor for symptoms of Covid-19.

FACULTY/STAFF

You are encouraged to practice good hygiene and participate in weekly surveillance testing. Masks are encouraged based on preference and assessment of personal risk.

NO

STUDENT

Here’s what to do:
1.  Return to your residence and avoid taking public transit.
