**Guidance on Covid-19**

**START HERE**

Are you experiencing Covid-19 symptoms?

- **YES**
  - GET TESTED! Diagnostic
  - Which are you?
    - **STUDENT**
      - Go to Stamps Health Services
        - Contact Stamps at health.gatech.edu/make-appointment or 404.894.1420 to make an appointment.
    - **FACULTY/STAFF**
      - Go to your doctor or a Georgia Dept. of Public Health testing site
        - Find information at c.gatech.edu/off-campus-testing.
  - Is your test positive?
    - **YES**
      - Here’s what to do:
        1. Return to your residence and avoid taking public transit.
        2. Report your positive test result via the online form c.gatech.edu/covid19reporting.
        3. Contact your primary care physician or Stamps Health Services.
        4. Await a call from GDPH and the Georgia Tech contact tracing team.
        5. Return home to isolate for 10 days or move to off-campus housing provided by Georgia Tech Housing and Residence Life.
    - **NO**
      - Here’s what to do:
        1. If you’re on campus, return to your place of residence.
        2. Report your positive test result via the online form c.gatech.edu/covid19reporting.
        3. Contact your primary care physician.
        4. Contact your supervisor.
        5. Await a call from GDPH and the Georgia Tech contact tracing team.
        6. Isolate for 10 days at your place of residence.
  - STAY HOME AND TAKE CARE OF YOURSELF!

- **NO**
  - GET TESTED! Asymptomatic
  - Surveillance testing sites are free and found in multiple locations on campus. Find one at c.gatech.edu/testing.
  - Did your results recommend a follow-up test?
    - **YES**
      - Have you had close contact* with someone who’s tested positive?
        - **YES**
          - Here’s what to do:
            1. Practice social distancing and good hygiene.
            2. Wear a face covering.
            3. Return for asymptomatic tests weekly. Learn more at c.gatech.edu/ppj.
        - **NO**
          - Here’s what to do:
            1. Return to your place of residence and quarantine for 14 days after date of last contact.
            2. Get tested between days 5 and 10 after contact.
            3. Continue to quarantine for 14 days even if test is negative.
    - **NO**
      - Here’s what to do:
        1. Return home or move to off-campus housing provided by Georgia Tech Housing and Residence Life to quarantine for 14 days.
        2. Get tested between days 5 and 10 after contact.
        3. Continue to quarantine for 14 days even if test is negative.

---

*Close contact: within 6 feet for 15 or more minutes.

Learn more about contact tracing at c.gatech.edu/tracing.

Find the symptoms of Covid-19 at c.gatech.edu/daily-checklist.

Voluntary use of the no-cost exposure notification app NOVID is recommended for all members of the Tech community who live or work on campus. Find it at c.gatech.edu/novid.

What are the criteria for ending isolation? See c.gatech.edu/isolation.
