*Close contact: within 6 feet for 15 or more minutes.

Looking for more information?

SURVEILLANCE TESTING

Surveillance testing sites are free and found in multiple locations on campus.
Find one at c.gatech.edu/testing.

Your sample will be tested as an individual sample in a diagnostic test, and you will be given your diagnostic results when they are available. Results will be communicated through Stamps Health Services’ patient portal, which can be accessed from health.gatech.edu or by phone.

Go to “Is your test positive?” for students or faculty/staff.

YES
